

Distribution Conductor Gauges

Quickly & easily identify common overhead electrical distribution conductor or wire sizes in AL, CU & ACSR

Markings include conductor name, stranding and overall diameter

Features

- Hole in base for use with a shotgun stick and hanging storage
- Imperial and metric sizes included
- Precision machined from lightweight aluminium alloy

Part No	Conductor Range	Dimensions	Wt
CG-EQL-ALCU	Copper 7/.064 – 4.87mm to 19/2.75 – 13.8mm	L: 257mm W: 91mm D: 14mm	750g
	Aluminium Locust – 7/.093 - 7.08mm to Taurus - 19/4.75 - 23.80mm		
CG-EQL-ACSR	ACSR Quince - 5.25mm to Wolf – 18.13mm	L: 209mm W: 91mm D: 14mm	650g

Part No: CG-EQL-ACSR

Covers common OH Distribution ACSR conductors
