

Cable Preparation Tools

Tools for preparing high-voltage cables

The kit that does it all with absolute precision

Part No: POLY-SCP-K

- Stripping outer sheathing
- Scoring strippable semi-conductor
- Stripping insulation
- Chamfer insulation
- Pliers and Knife to assist in removal and trimming of stripped sheath, insulation and semi-conductor

Kit Component Part No	Description
POLY-SCP	Cable stripper 35-630mm ² Suitable for most materials e.g. XLPE/EPR Retractable 25mm to 55mm stop
CHANFREIN-DT	Cable stripper chamfer tool
CL	Curved blade knife 1000V insulated with velcro closing pouch
D22D-200I	Long nose pliers 1000V insulated
COFFRETP9-1	Thermoplastic carry case
LAME-OUT-SCP-CH	Spare blade, semi
LAME-POLY-DT	Spare blade, external
LAME-CHANFREINDT	Spare blade, chamfer

Graduation wheel at 0.1mm intervals allows precision cutting

Kit in thermo case

Stripping outer sheathing

Scoring strippable semi-conductor

Stripping insulation

Chamfering insulation

Cleaner, Faster, Safer.
