

Clamp-on Meter

Greenlee Clamp-on Meter

Part No: CMT-90

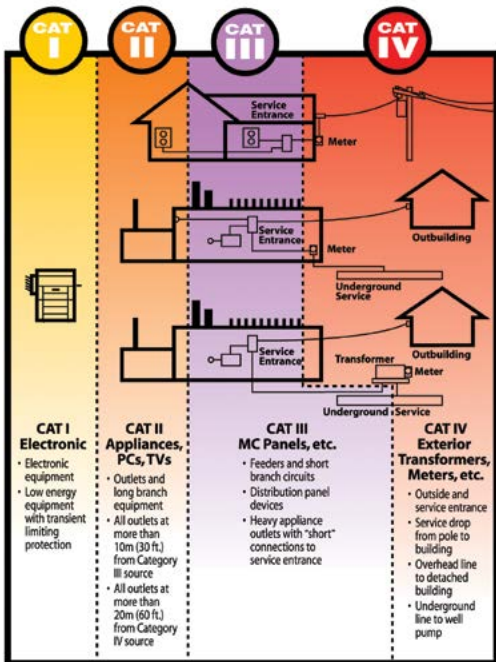

Features

- Hassle-free, automatic measurement of amperage, voltage and resistance
- Low impedance eliminates stray or "ghost" voltage readings
- True RMS for the most accurate measurement when harmonics are present
- High resolution, auto-illuminating LCD backlit display
- Auto off for longer battery life
- Resistance measurement
- Audible continuity test
- Data hold to capture measurements
- Accessories included: (1) 9 V battery, test leads and carrying case)

Specifications

- Amperage Measurement : AC A 0.9 to 600.0
- Display : LCD, 10000 Count
- Includes : (1) 9 V Battery, Test Leads, Carrying Case
- Jaw Opening : 1.340 IN
- Measurement Category :
- CAT III, 1000 V
- CAT IV, 600 V
- Operation Type : Automatic
- Replacement Part : TSG-3 Test Leads, TC-10 Carrying Case
- Resistance Measurement : 999Ω, 9.999kΩ
- Standard : CAT IV, C/US UL Listed, CAT III
- Type : Electrical
- Voltage Measurement :
- AC V: 1.3 to 999.9 VAC
- DC V: 2.1 to 999.9; -0.7 to -999.9

Automatic measurement of Amperage, Voltage & resistance

Suitable for MC Panels, Exterior Transformers & Meters.
