# METRINCH

## METRINCH Socket Set - 15 Piece Kit

Part No. MET-2450

**15 Piece socket set equals a 42 piece conventional set**

The Metrinch 6 wall drive system means that one tool set is all you need to service your equipment, whether it's made in Germany, the USA or Australia.

### Get More Use Out of Fewer Tools

Metrinch means fewer tools and easier selection as each tool can be used for both metric and inch, plus damaged nuts and bolts. This eliminates switching back and forth from imperial to metric.

### Unique Patented Design

The 4-point grip design enables Metrinch sockets and spanners to fit multiple sizes and damaged or rounded nuts.

### More Torque, Less Wear

By exerting pressure through the walls, Metrinch grips more securely than conventional sockets.

### Non Slip Hold

No more cut hands, banged up knuckles and elbows due to wrench slippage.

### Quality

All Metrinch tools are forged from high grade chrome vanadium steel for lifetime use.

### Unique 6 Wall Drive System

Included sizes in Socket Set\*  
All sizes available individually

Part No.	Metric (mm)	SAE/AF (Inch)	BSW (Inch)	BSF/BS (Inch)	Length (mm)	Drive (Inch)
