

Klauke®

Spiking/Cutting, Cable System - Remote Controlled

Part No. ESG105RMCCFM & ESG65RMCCFM

- Large & medium diameter remote controlled cable cutters
- Same performance as its non-remote counterpart but adds a safe work environment
- Ideal for hard to access trenches and manholes by creating adequate distance between possible live conductors and the operator

ESG105RMCCFM

Safely perform your cutting/spiking operations on unproven cables from a

Unique Cutting Sensor

Features

- Unique End Position Detection - Emits a sound on the remote to indicate a successful cut. Safer than relying on the Maximum Hydraulic pressure indicator or hard to decipher gauges
- Remote control will only operate when the tool trigger is locked by the Spring Ring
- Double Click on the remote to start the cut (safety feature against unintended operation)
- Single Click on the remote for retraction
- 105mm & 65mm Options available

ESG65RMCCFM

Technical Data

Part No.	ESG105RMCCFM	ESG65RMCCFM
Cutting Force (T)	120	60
Cable Type	AL/CU/SWA/ACSR	AL/CU/ACSR
Cutting Range (mm)	Max 105 dia. dependent on cable type	Max 65 dia. dependent on cable type
Battery	Makita 18V 4.0Ah, Li-Ion	Makita 18V 4.0Ah, Li-Ion
Charging Time (min)	36	36
Weight (kg)	10.5 including battery	6.0 including battery

Order Information

Part No.	Description
ESG105RMCCFM-K ESG65RMCCFM-K	Tool, Remote Control, 2 x Batteries, Charger and case
