

## iToolco Real Jacks™ Drum Stand

Part No. RJ6K

iTOOLco's Real Jacks™ make cable pulls run smooth and easy. These innovative drum jack stands have four sealed bearings that capture the axle to prevent the drum from traveling during the pull.

### Features

- Closed head traps axle preventing it from falling out or traveling horizontally
- Separate sides allow the jacks to be used safely on uneven ground
- Easily folded for storage and transportation
- Can be used with 560 to 1675mm drums
- Easy to carry at 16kg per side
- For use with iTOOLco Axles - see below "Axle Specs" for details
- Set up in less than 1 minute
- Four bearings make wire pulling smooth and easy
- No drills or extra tools required

Separate Stands and height adjustment allows for use on uneven ground

Axle connection

**2.7 Tonne Capacity**  
(with AX02 Axle)
